

Sprint Retro #2 // 06.03.2026

What should we START doing?

START

frequent dev team meetings

having in person meetings

everyone doing remotely the same amount of work

Communicate better

communicate more pro-actively

Talk to more people about ut

being more ambitious with the MVP and where we want the project to go

Learning processes

be more organized

Share when you are have a meeting on the group so others can learn
More meeting if needed to be shared on the group

What should we STOP doing?

STOP

Personally not to miss the daily meetings

Daily is not an option, if unable to be present, write in chat about the updates. That includes me as well.

seeing meetings as optional

not showing up unannounced

not having clear responsibilities

If you can't show up to a meeting, share updates on whatsapp
Meetings are not optional

What should we CONTINUE doing?

CONTINUE

Update on progress in Notion

organizing via notion and whatsapp

focusing on the MVP and the main features.

Working on our product

continue working on the MVP

More detailed updates about progress to be documented on Notion
