

Sprint Retro #7 // 24.04.2026

What should we START doing?

START

Creating a way where everyone can contribute to the code

using the app ourselves daily

answering properly to text messages :(

focusing more on the partner dashboard

side note: why is that not feedbacked for the sprint planning/ when we test in the group?

Getting more users

More feedback on the group texts
Using the app ourselves
Share bullet points from the daily
Whatsapp and email integration

What should we STOP doing?

STOP

major stop working on different things at different times and find in one of a connected focus! etc...

Clearer goals and focus for everyone

What should we CONTINUE doing?

CONTINUE

to work on the app :)

work on each tracker and make changes one by one and simplify the process of logging data to the users

Meeting for dailys and the weekly meeting
