- Energy & productivity optimization
- Modern UI + smart reminders
- Privacy-first design + medical credibility

User Personas

- Wellness-Focused Professional
- Privacy-Conscious Tracker
- Health-Struggling Seeker
- Fitness & Lifestyle Optimizer

Business Strategy

- Free: basic tracking
- Premium (€3–5): personalized plans
- Medical (€8–10): expert support
- Focus on privacy + medical partnerships

Ideal User Personas – Syncycle Tracking & Wellness

App

Persona 1

Wellness-Focused Professional (25 - 35)

- Marketing manager balancing career, fitness & health
- Quick daily check-ins and energy forecasts
- Plans meals & work tasks around cycle phases
- **Values:** Nutrition guidance, productivity insights, calendar integration

Persona 2

Privacy-Conscious Tracker (18 - 30)

- Tech-savvy university student focused on digital privacy
- Minimal symptom logging, offline usage
- Reads educational content about cycle phases
- **Values:** Local data storage, data exports, clear privacy controls

Persona 3

Health-Struggling Seeker (25 - 40)

- Teacher managing severe PMS or chronic conditions
- Logs symptoms daily with severity ratings & notes
- Shares reports with healthcare providers
- **Values:** Medical credibility, analytics, condition-specific support

Persona 4

Fitness & Lifestyle Optimizer (25 - 35)

- Fitness coach using multiple health tracking tools
- Optimizes training based on cycle & performance data
- Analyses trends with sleep, HRV, and workout performance
- **Values:** Integrations, advanced analytics, professional insights

Brand & Positioning (GV Brand Sprint)

Brand Purpose: Helping women understand their cycle and live in sync with it.

Core Values

Trust & Privacy: Sensitive health data is handled securely and transparently.

Science-Backed Insight: All guidance is grounded in research and real data.

Empowerment Through Understanding: Knowledge about the cycle enables women to make better decisions about their health and daily lives.
